Subject: Board meetings  
To: Cindy Sharkey <[csharkey@hbschools.org](mailto:csharkey@hbschools.org)>

Hi Cindy,

I am currently in Georgia taking care of my mother and I heard the suggestion last week while I was listening virtually, that the board might want to end the virtual meetings. I believe that having virtual meetings or live stream meetings, whatever way you want to work it, is very beneficial and very much appreciated by those who join virtually and can't always make it to the school physically because of various constraints. If you want to revamp things so that people can't speak unless they are in person or if they send in correspondence, that's fine but I really think in order to reach the largest audience and to have transparency, virtual board meetings should not be eliminated.

Thank you and to all the board members for your consideration.

Regards,

Judy LaGreca  
HB Teacher
