Greetings All,

I am so sorry for the response delay for todays Mtg. 11/21/22 I head about....

I am in a different time zone right now and will be home soon.

Hope all is going well as I directed the custodians the best I could for who was willing.... And scheduled many upgrades at the M/S for 12/28/22...

I am Very Thankful that Greg had taken my advice to appoint them two as Head Custodians to save the district some cash....

Good Luck to you all as I am here to assist as needed in the future for what I see as some on coming concerns with boiler project's and foundation issues....

██████████ or ██████████

God Bless  
Steven
