Good evening,

I am a High Bridge resident and parent of two children currently in the High Bridge School District. I am writing to bring forward serious issues with the administration of education at the schools here. We moved to the area 9 years ago based partly on the reputation of the school system. Safe to say after over 10 years leading the district, Greg Hobaugh has ruined its reputation. Our schools have continued to slip compared to other local schools (ratings and article posted) and our district needs a change. We are continuing to lose state funding while he whines. Positions go unfilled and educators are overworked while he makes excuses. Harassment, intimidation and bullying are continually not properly addressed. What are we focusing on? I ask the board to remove the superintendent and bring in a more qualified person for the job. Hobaugh clearly is not capable of it.

I await your response,

Will Rayfield
